Merchant's guide

- Merchants should treat spree dollars as cash in that change is given if due.
- Spree dollars are guaranteed by the Craig Chamber of Commerce. Merchants take no risk in accepting spree dollars if they follow the recommended protocol:
 1. Verify that the expiration date on the spree dollar has not passed and that the spree dollar is numbered.
 2. Ask the customer to sign the back of their spree dollars and verify the signature using a photo identification.
- To deposit spree dollars, list them on your deposit slip as a check. Funds are transferred as soon as your bank posts the deposit.

Buyer's guide

- Spree dollars can be purchased at the Craig Chamber of Commerce for their face value.
- Spree dollars are valid for one year beyond the purchase date.
